

# Translating Team Training from Healthcare & Education to CTSA Research Teams

Science of Team Science  
Conference

Galveston, TX

Wednesday May 23, 2018  
(1:30-2:50pm)

Presenters: Erin Blakeney, Brenda Zierler, Jennifer Sprecher

# Agenda

## Overview: Interactive Panel

---

### Abstract 1

*Team Training with Interprofessional Health Professions Faculty*

---

### Abstract 2

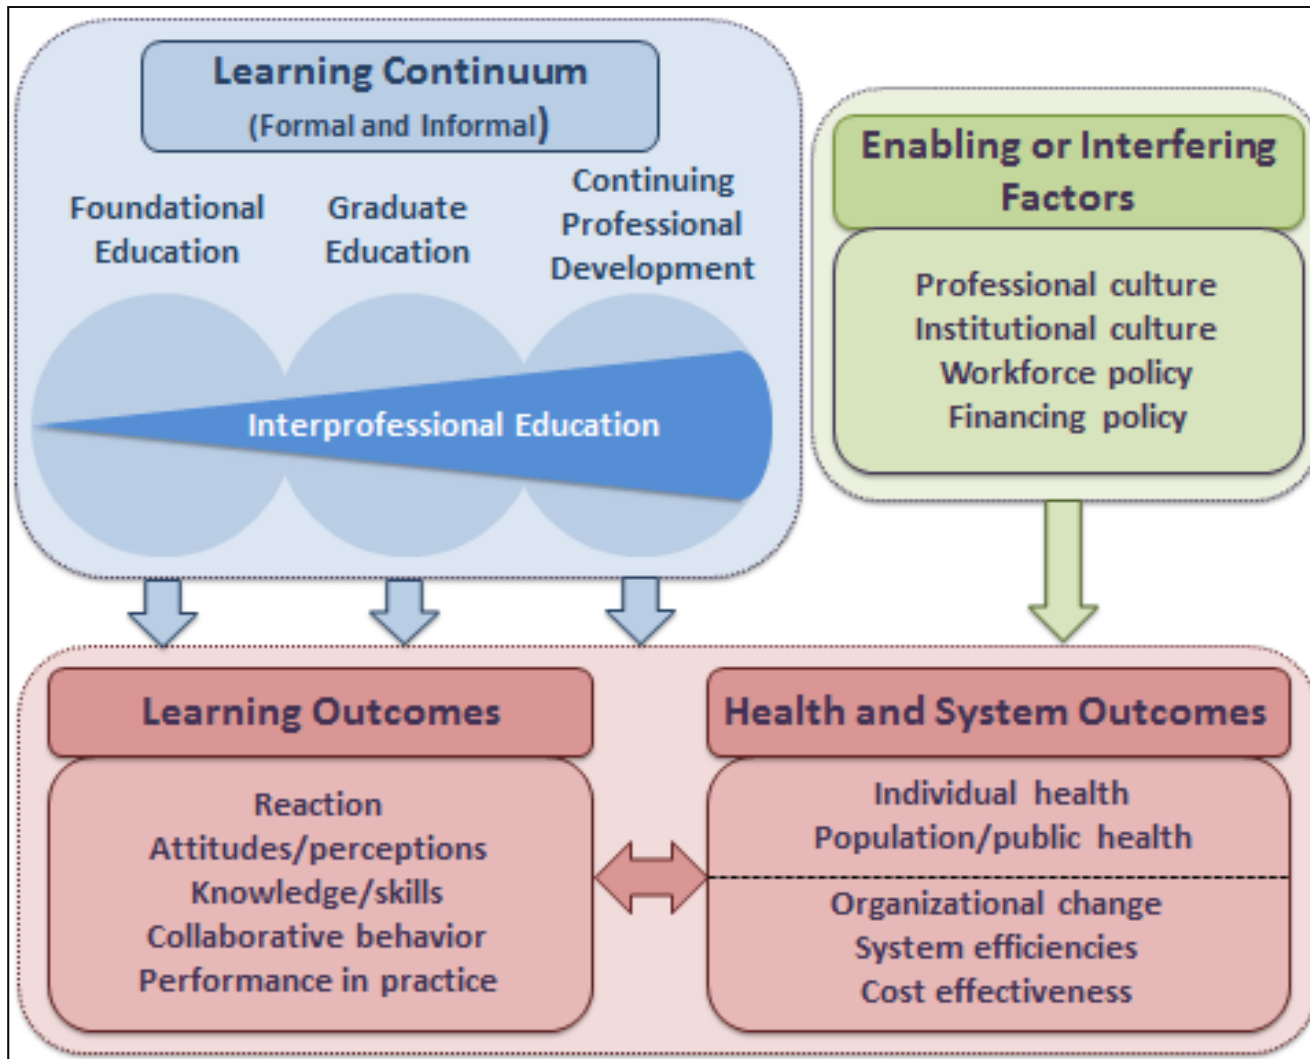

*Team Training with Practicing Healthcare Teams*

---

### Abstract 3

*Incorporation of Lean-R into Team Science*

# Interprofessional Learning Continuum Model

# ITHS Team Science Aims: 2017-2022

Aim 1: To develop, implement, and evaluate team science education and training models to support existing and new interdisciplinary research teams.

Aim 2: To create and test institutional policies and guidelines that support and promote team science in diverse, interdisciplinary research teams

# Liberating Structures

Mutually shape next steps together

- ▶ Menu of 33 Liberating Structures
- ▶ Method of enhancing how we meet, plan, decide & relate to each other
- ▶ Little shifts can create big changes
- ▶ Fosters inclusivity
  - ❑ everybody with a stake has a voice
  - ❑ everybody has freedom to act & seize opportunities
  - ❑ everybody takes into account other peoples voices

# Liberating Structures: Impromptu Networking

**Mutually shape next steps together**

## Purpose

- ▶ Initiate immediate participation
- ▶ Flatten hierarchy
- ▶ Invite clarification of purpose through repetition

## Structure

- ▶ Identify a question/prompt
- ▶ Move to open space
- ▶ Form pairs with new people
- ▶ Rotate at least 3 times

# Impromptu Networking: Now you try it!

**Pair Up.** Take turns responding to the question below  
(60 seconds per person, then switch).

Change speaking roles & partners with the chime.

Q: What is your greatest opportunity around team science? What have you learned this week at SciTS that might be applicable?

# Impromptu Networking Debrief

- 1 Impromptu Networking Content:** What new ideas did you have &/or hear?
- 2 Impromptu Networking Structure:** Share some examples of how or where this structure (impromptu networking) might be useful in your work...

# Abstract 1: Team Training with Interprofessional Health Professions Faculty

## **Pilot Grant: Train-the-Trainer Interprofessional Faculty Development Program (T3-IFDP)**

- Macy Grant 2012-2013
- 8 interprofessional (IP) teams/universities

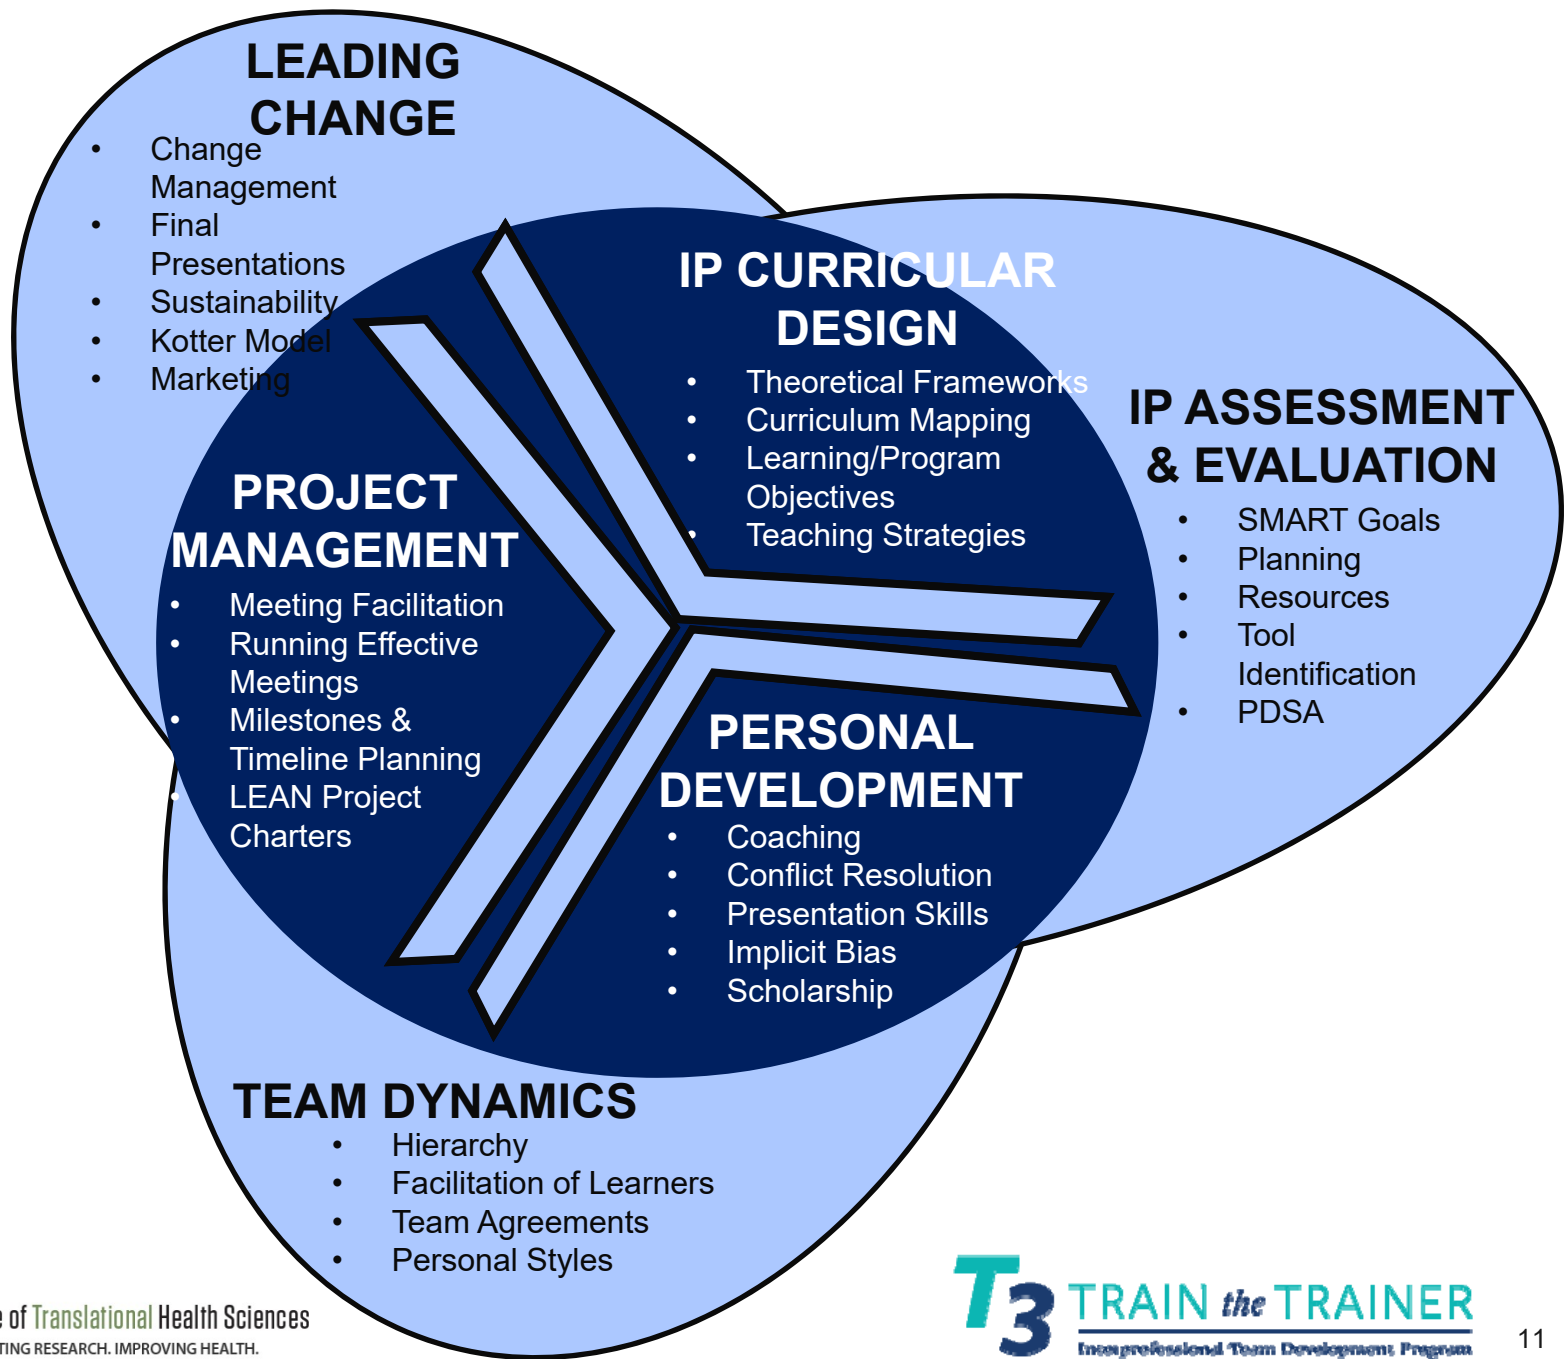

## **National Grant: T3 Interprofessional Team Development Program (T3-ITDP)**

- Macy Grant 2014-2018
- 3 National Training Sites: UW, UVA, MU
- IP Teams come with project to 3.5 day in-person training; 12 months of follow-up coaching
- 14 cohorts, ~75 teams, >320 participants
- Website: <https://nexusipe.org/T3>

# T3 Design Principles & Program Characteristics

Team Focused	<ul style="list-style-type: none"><li>• Team time each day to work on projects</li><li>• Focus on strengthening &amp; supporting positive team dynamics</li></ul>
Interprofessional Education to Improve Collaborative Practice	<ul style="list-style-type: none"><li>• Keep end-users in mind for project planning</li><li>• Time with students, patient &amp; family advocates, faculty, &amp; clinicians during in-person program</li><li>• Interact with IOM Learning Continuum Model &amp; IPEC Competencies in project planning</li></ul>
Interactive	<ul style="list-style-type: none"><li>• Experiential learning modules</li><li>• All didactics <math>\leq</math> 15-minutes</li><li>• Project-based learning</li></ul>
Train-the-Trainer	<ul style="list-style-type: none"><li>• Leave ready to train others in IPE &amp; IPCP</li><li>• Online access to content</li></ul>

# Positive Changes in Self-Reported Ability Related to T3 Program Learning Objectives

*PO1: Curricular Design; PO2: Evaluation; PO3: Interprofessional Leadership; PO4: Team Dynamics & Culture; PO5: Innovative IPE; PO6: Implementation & Sustainability; PO7: Communication, Team Function, & Patient Safety; PO8: Interprofessional Network of IPE/IPCP Champions*

# T3 Alumni – Project Examples

- IPE Faculty Development Institute for School
- Longitudinal Foundations IPE Program
- National Palliative Care Certification Program
- IPE Activities & Assessments Across Learning Continuum (Didactic, Simulation, Clinical)
- Stereotypes and Implicit Bias Research Tool
- Establishing an IPE Center
- IPE Team Care & Learning in underserved practice environments

# Liberating Structures: Troika Consulting

## Purpose

- ▶ Get practical, immediate, & imaginative help from colleagues

## Structure

- ▶ Identify a question/prompt
- ▶ Form groups of 3
- ▶ Within groups rotate roles of “client” & “consultants”

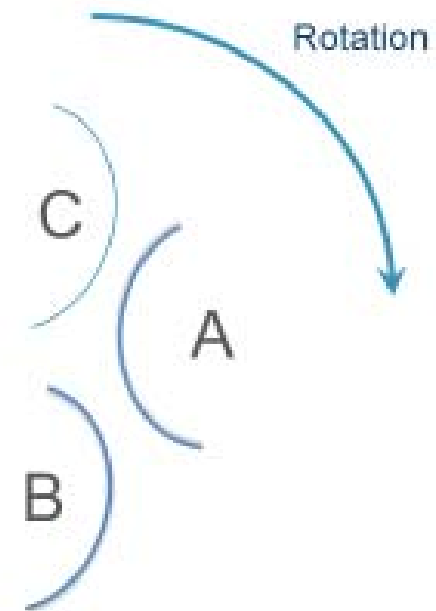

# Troika Consulting: Now you try it!

What challenges do you encounter or anticipate encountering in your team science work this coming year?

## STRUCTURE

- 1) Form Groups of 3– identify first “client”
- 2) Client shares challenge then turns around (2 mins)
- 3) Consultants discuss advice/feedback; client takes notes (3 mins)
- 4) Client thanks consultants & describes what they heard (1 min)
- 5) Rotate roles until all have been a client

# Troika Consulting Debrief

- 1 Troika Consulting Content:** How helpful were the solutions suggested by your consultants?
- 2 Troika Consulting Structure:** How might this structure be useful in your work?

# Abstract #2: Team Training with Practicing Healthcare Teams

## Our Academic-Practice Partnership (est. 2014)

UW Center for Health Sciences Interprofessional Education, Research, and Practice (CHSIE)

University of Washington Medical Center's (UWMC)  
Regional Heart Center (RHC)

# Issues Affecting Teamwork & Team Communication

Hierarchy and Power

Role overlap

Explicit biases & stereotypes

Implicit bias

Personal and social styles

Task and interpersonal conflict

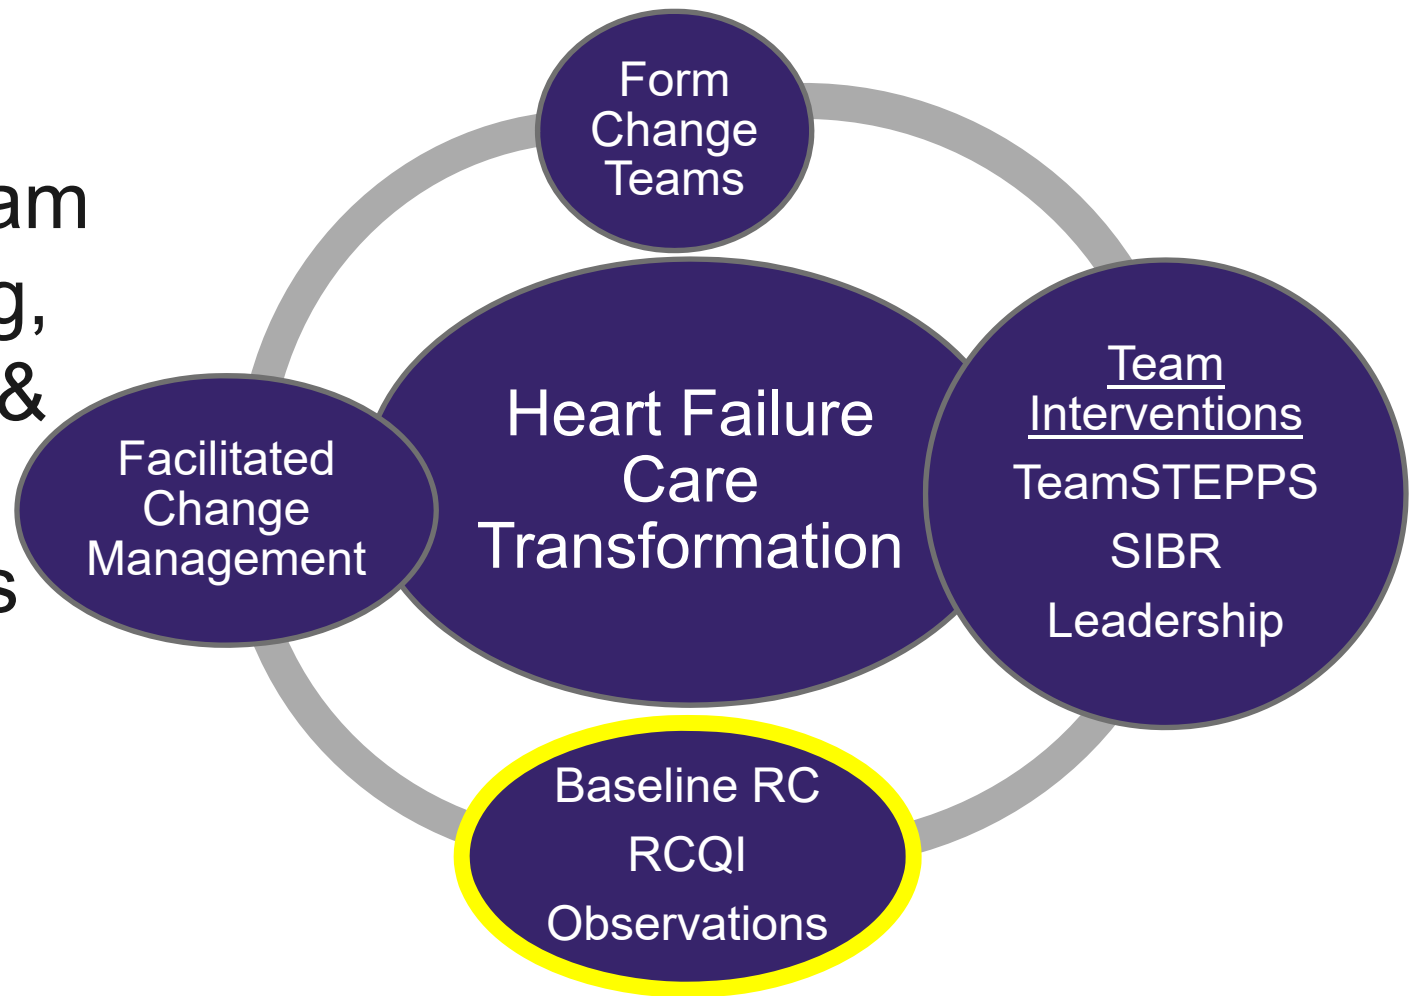

Poor leadership

Professional and organizational culture

Awards system (reimbursement for one group of providers for team-based care)

# Co-Creation of Interprofessional Team Intervention

Goal:  
Improve team  
functioning,  
workflow, &  
patient  
outcomes

# Identified Training Needs

SIBR Process  
Simulation

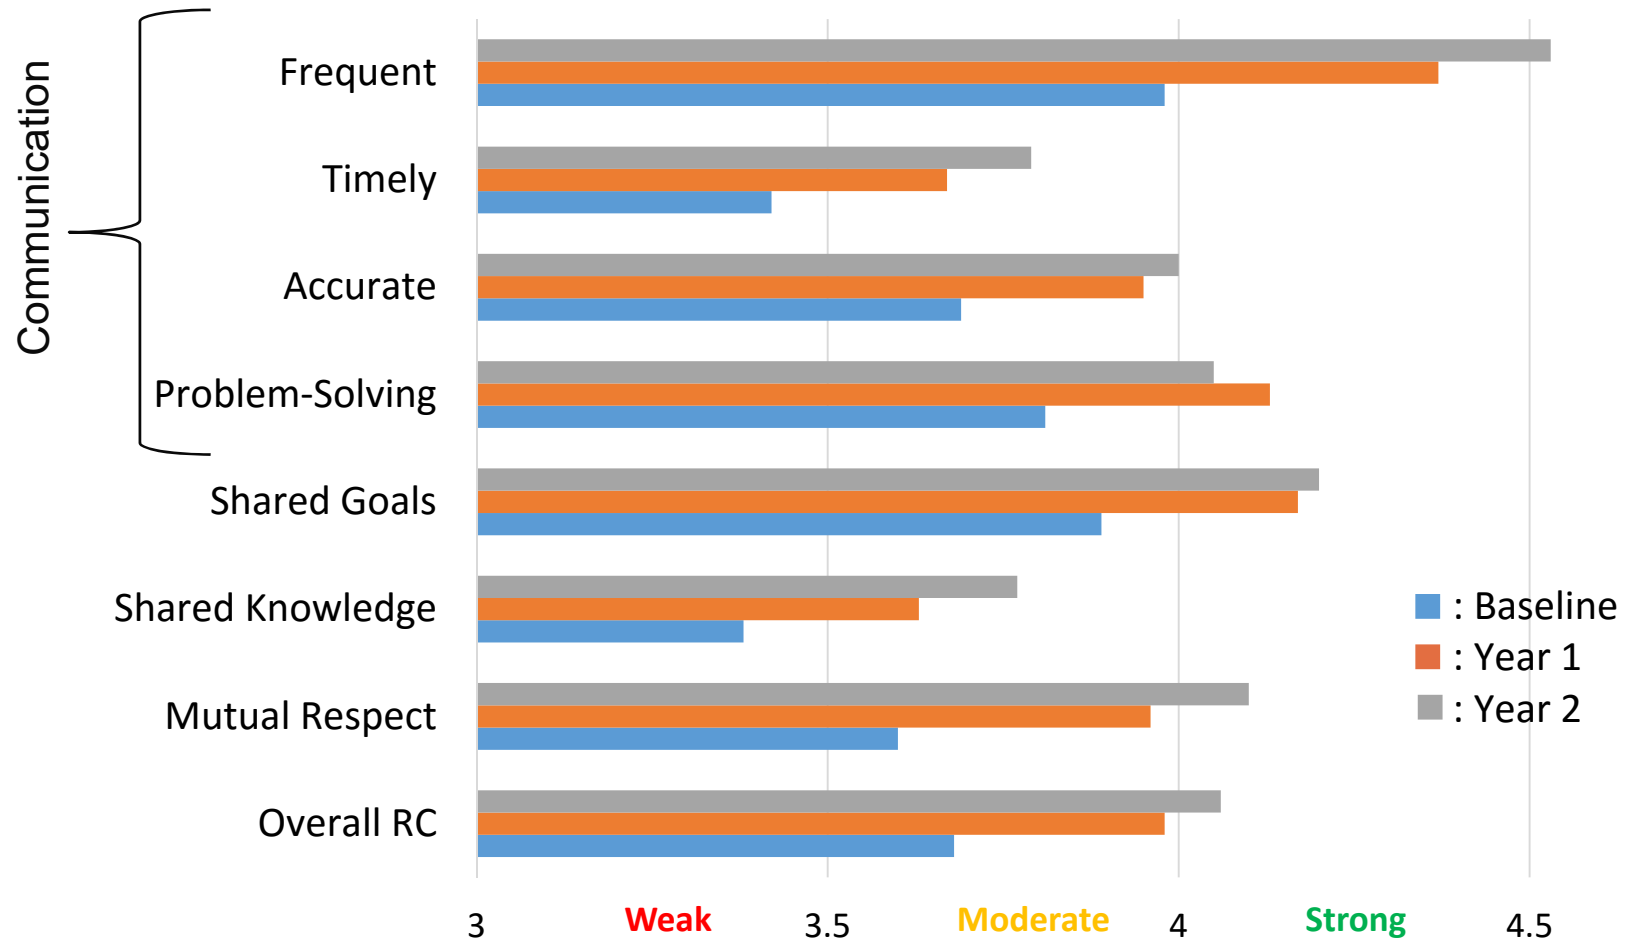

TeamSTEPPS  
Skills Training

Leadership  
Workshops

# Improvements in Team Communication & Relationships

Consistent incremental improvement in team Relational Coordination across (Between workgroups) all dimensions & time periods

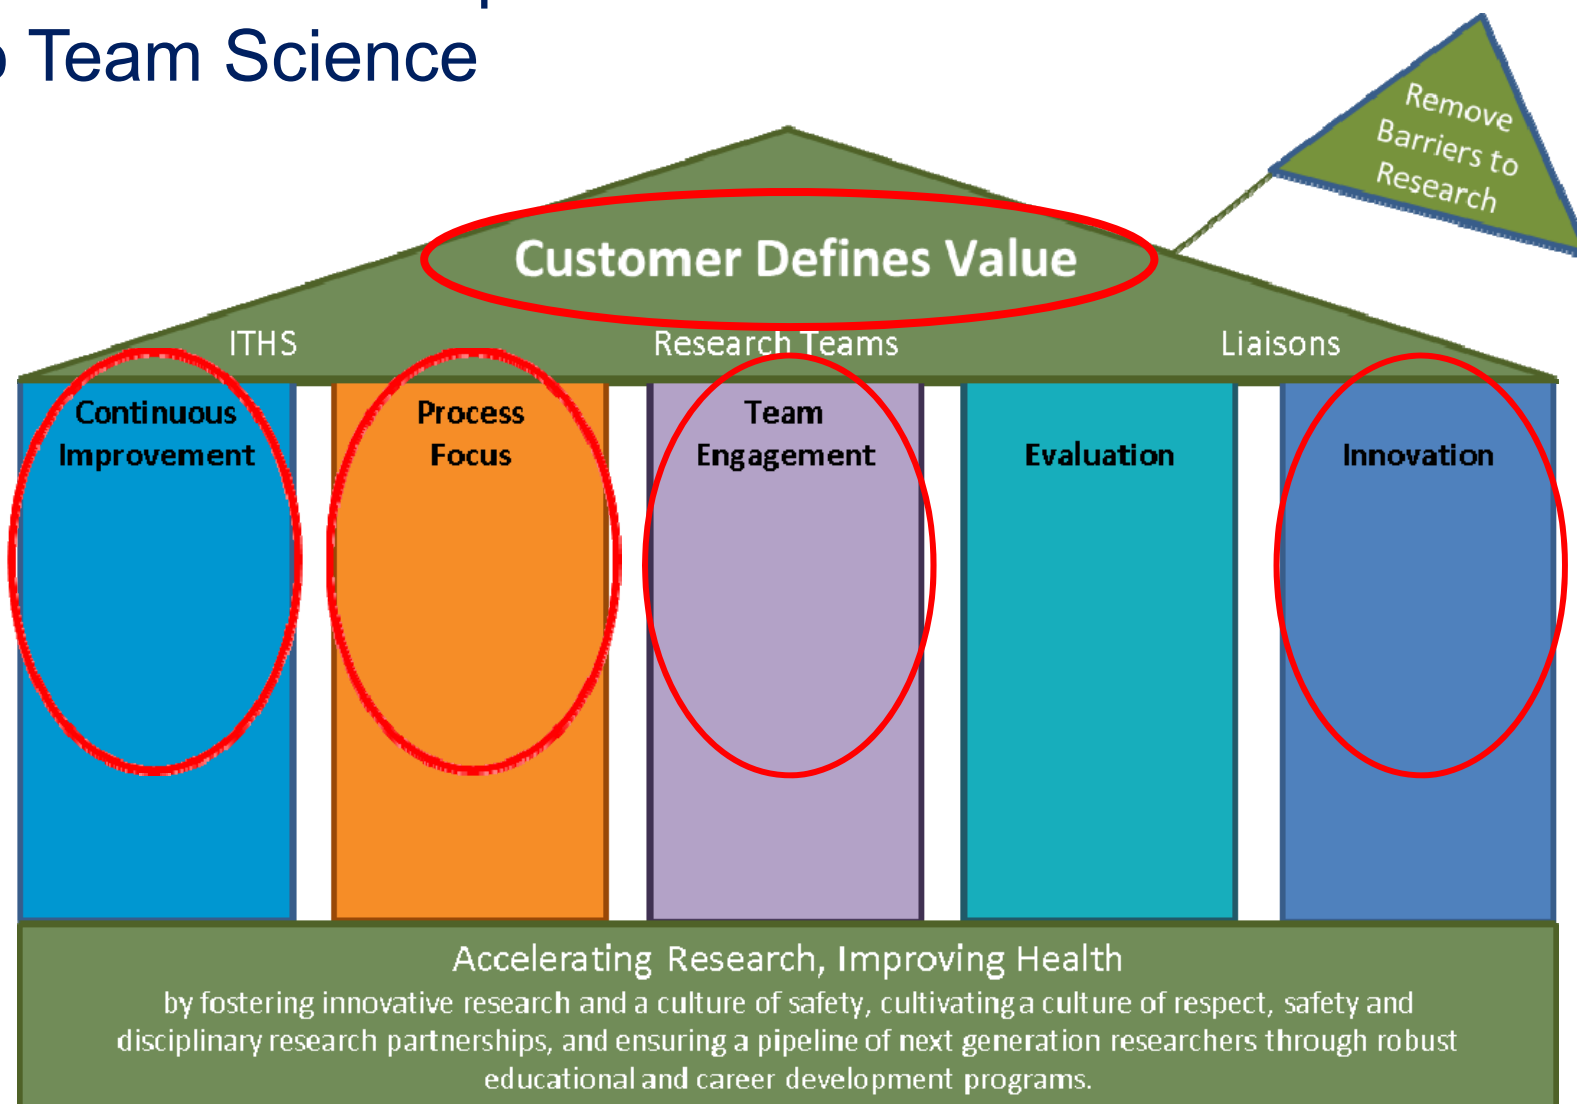

# Emergence of Team Leaders

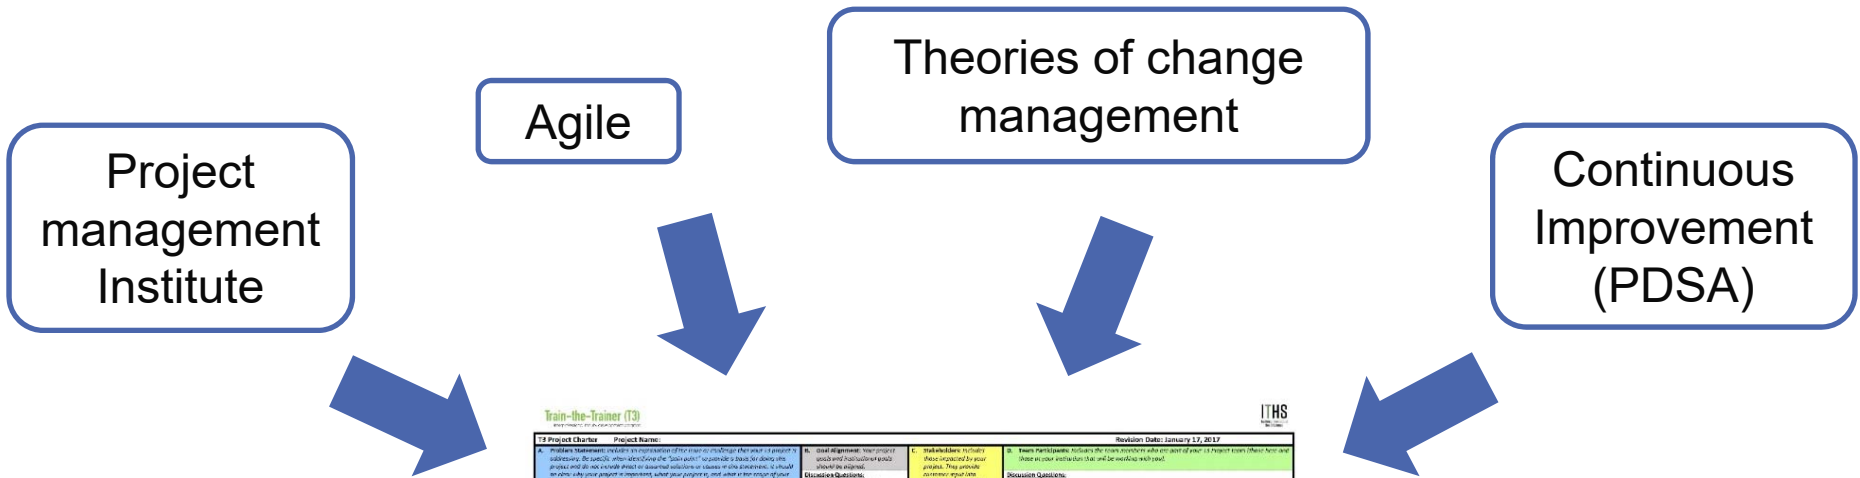

**Dartmouth**  
**UW IPE Team Coaching Program**  
 On Site Learning Session  
 William M. Gortney, PhD, MS, BCBA, FAHA  
 Brad Gardner, MSW  
 University of Washington, Seattle  
 98195-0000

**CENTER FOR HEALTH SCIENCES INTERPROFESSIONAL  
 EDUCATION RESEARCH & PRACTICE**  
**Early Outcomes,  
 Celebrations & Next Steps  
 for Heart Failure Care  
 Teams**  
 September 20, 2016  
**W**

# Abstract #3: Incorporation of LEAN-R into Team Science

# Lean Project Charters

**Train-the-Trainer (TT)**

**TT Project Charter** Project Name: \_\_\_\_\_ Revision Date: January 17, 2017

<p><b>A. Problem Statement</b> Identify a problem or opportunity for your organization. The problem statement should be specific, measurable, and time-bound. It should describe the current state of affairs, the desired state, and the impact of the problem. The problem statement should be written in a way that is clear and concise.</p> <p><b>Discussion Questions:</b></p> <ol style="list-style-type: none"> <li>Does the statement give a good description of what the problem is? (Does it answer what, where, when, how, and why?)</li> <li>Is the issue clearly stated as it relates to the customer and you?</li> <li>Does the statement answer the question: "What's the business case for this?"</li> <li>Does the statement have to do with the organization's mission and vision?</li> </ol> <p><b>Task:</b> Project manager completes a written statement in response to the prompt below.</p> <ol style="list-style-type: none"> <li>State and describe the problem, project, and problem area. (3-4 lines)</li> <li>Identify the results of the project.</li> <li>When is the project due?</li> </ol>	<p><b>B. Goal Statement</b> Your project should have a goal statement. The goal statement should be specific, measurable, and time-bound. It should describe the current state of affairs, the desired state, and the impact of the goal. The goal statement should be written in a way that is clear and concise.</p> <p><b>Discussion Questions:</b></p> <ol style="list-style-type: none"> <li>Does the goal statement give a good description of what the goal is? (Does it answer what, where, when, how, and why?)</li> <li>Is the goal clearly stated as it relates to the customer and you?</li> <li>Does the goal statement answer the question: "What's the business case for this?"</li> <li>Does the goal statement have to do with the organization's mission and vision?</li> </ol> <p><b>Task:</b> Project manager completes a written statement in response to the prompt below.</p> <ol style="list-style-type: none"> <li>State and describe the goal, project, and goal area. (3-4 lines)</li> <li>Identify the results of the project.</li> <li>When is the project due?</li> </ol>	<p><b>C. Stakeholder Analysis</b> Identify the stakeholders who are impacted by your project. The stakeholder analysis should be specific, measurable, and time-bound. It should describe the current state of affairs, the desired state, and the impact of the stakeholder analysis. The stakeholder analysis should be written in a way that is clear and concise.</p> <p><b>Discussion Questions:</b></p> <ol style="list-style-type: none"> <li>Does the stakeholder analysis give a good description of what the stakeholders are? (Does it answer what, where, when, how, and why?)</li> <li>Is the stakeholder analysis clearly stated as it relates to the customer and you?</li> <li>Does the stakeholder analysis answer the question: "What's the business case for this?"</li> <li>Does the stakeholder analysis have to do with the organization's mission and vision?</li> </ol> <p><b>Task:</b> Project manager completes a written statement in response to the prompt below.</p> <ol style="list-style-type: none"> <li>State and describe the stakeholder analysis, project, and stakeholder area. (3-4 lines)</li> <li>Identify the results of the project.</li> <li>When is the project due?</li> </ol>	<p><b>D. Team Participation</b> Identify the team members who are involved in your project. The team participation should be specific, measurable, and time-bound. It should describe the current state of affairs, the desired state, and the impact of the team participation. The team participation should be written in a way that is clear and concise.</p> <p><b>Discussion Questions:</b></p> <ol style="list-style-type: none"> <li>Does the team participation give a good description of what the team members are? (Does it answer what, where, when, how, and why?)</li> <li>Is the team participation clearly stated as it relates to the customer and you?</li> <li>Does the team participation answer the question: "What's the business case for this?"</li> <li>Does the team participation have to do with the organization's mission and vision?</li> </ol> <p><b>Task:</b> Project manager completes a written statement in response to the prompt below.</p> <ol style="list-style-type: none"> <li>State and describe the team participation, project, and team member area. (3-4 lines)</li> <li>Identify the results of the project.</li> <li>When is the project due?</li> </ol>
<p><b>E. Outcomes</b> Identify the expected results of your project. The outcomes should be specific, measurable, and time-bound. It should describe the current state of affairs, the desired state, and the impact of the outcomes. The outcomes should be written in a way that is clear and concise.</p> <p><b>Discussion Questions:</b></p> <ol style="list-style-type: none"> <li>Does the outcomes give a good description of what the outcomes are? (Does it answer what, where, when, how, and why?)</li> <li>Is the outcomes clearly stated as it relates to the customer and you?</li> <li>Does the outcomes answer the question: "What's the business case for this?"</li> <li>Does the outcomes have to do with the organization's mission and vision?</li> </ol> <p><b>Task:</b> Project manager completes a written statement in response to the prompt below.</p> <ol style="list-style-type: none"> <li>State and describe the outcomes, project, and outcome area. (3-4 lines)</li> <li>Identify the results of the project.</li> <li>When is the project due?</li> </ol>	<p><b>F. Risks</b> Identify the risks that may impact your project. The risks should be specific, measurable, and time-bound. It should describe the current state of affairs, the desired state, and the impact of the risks. The risks should be written in a way that is clear and concise.</p> <p><b>Discussion Questions:</b></p> <ol style="list-style-type: none"> <li>Does the risks give a good description of what the risks are? (Does it answer what, where, when, how, and why?)</li> <li>Is the risks clearly stated as it relates to the customer and you?</li> <li>Does the risks answer the question: "What's the business case for this?"</li> <li>Does the risks have to do with the organization's mission and vision?</li> </ol> <p><b>Task:</b> Project manager completes a written statement in response to the prompt below.</p> <ol style="list-style-type: none"> <li>State and describe the risks, project, and risk area. (3-4 lines)</li> <li>Identify the results of the project.</li> <li>When is the project due?</li> </ol>	<p><b>G. Training Matrix</b> Identify the training needs for your project. The training matrix should be specific, measurable, and time-bound. It should describe the current state of affairs, the desired state, and the impact of the training matrix. The training matrix should be written in a way that is clear and concise.</p> <p><b>Discussion Questions:</b></p> <ol style="list-style-type: none"> <li>Does the training matrix give a good description of what the training needs are? (Does it answer what, where, when, how, and why?)</li> <li>Is the training matrix clearly stated as it relates to the customer and you?</li> <li>Does the training matrix answer the question: "What's the business case for this?"</li> <li>Does the training matrix have to do with the organization's mission and vision?</li> </ol> <p><b>Task:</b> Project manager completes a written statement in response to the prompt below.</p> <ol style="list-style-type: none"> <li>State and describe the training matrix, project, and training need area. (3-4 lines)</li> <li>Identify the results of the project.</li> <li>When is the project due?</li> </ol>	<p><b>H. Approval, Milestones &amp; Transition</b> Identify the milestones and transition points for your project. The milestones and transition points should be specific, measurable, and time-bound. It should describe the current state of affairs, the desired state, and the impact of the milestones and transition points. The milestones and transition points should be written in a way that is clear and concise.</p> <p><b>Discussion Questions:</b></p> <ol style="list-style-type: none"> <li>Does the milestones and transition points give a good description of what the milestones and transition points are? (Does it answer what, where, when, how, and why?)</li> <li>Is the milestones and transition points clearly stated as it relates to the customer and you?</li> <li>Does the milestones and transition points answer the question: "What's the business case for this?"</li> <li>Does the milestones and transition points have to do with the organization's mission and vision?</li> </ol> <p><b>Task:</b> Project manager completes a written statement in response to the prompt below.</p> <ol style="list-style-type: none"> <li>State and describe the milestones and transition points, project, and milestone/transition point area. (3-4 lines)</li> <li>Identify the results of the project.</li> <li>When is the project due?</li> </ol>

Lean Project Management Project Charter and Risk Register, Modified from Seattle Children's Hospital by ITHS, University of Washington. Note this charter is developed based on the former Model of Change and PDSA (Plan, Do, Study, Adjust) cycles.

## Sample project charter

# Liberating Structures: 1-2-4-All\*

*\*today modified to 1-2-All*

## Purpose

- ▶ Engage everyone simultaneously in generating questions, ideas & suggestions

## Structure

- ▶ Identify a question/prompt
- ▶ Reflect alone then discuss with pair, foursome or table, & whole group

# Liberating Structures: 1-2-All Activity

What's one thing in your thinking about team science that has changed as a result of your participation in this conference? (e.g. knowledge, tools, experience, core competencies)

**1 MIN**

**Individually reflect**

**2 MIN**

**Discuss with the person next to you**

**8 MIN**

**Report outs and room discussion**
